It's always difficult to decide what to get loved ones for Valentine's Day. This year, *ValleyLife* makes it easier.

FOR HER

Does your sweetie need to get some shuteye? Slip one of **Mary Green's** amusing silk sleep masks into her gift, and she'll feel like a princess the next

time she rests her pretty head. Tyra Banks and Angelina Jolie wear Mary Green's goods. \$15-\$33. Available at www.marygreen.com.

Hand her a tiny envelope with a **Disney gift card** in it, and watch her turn into the happiest lady on earth. This year, visiting **Disneyland** might earn the two of you great prizes (think Dream Fastpasses or a one-night stay at the Cinderella Castle Suite) as the Year of a Million Dreams continues through 2008. If you haven't been to the Magic Kingdom or **California Adventure** lately, it's time for a magical getaway. Gift cards available at www.disneyland.com.

Women love watches, so why not treat your special lady with a **watch for the heart**? This one has a mother-of-pearl face, gold trim and a feminine band, making it a timepiece that she'll treasure all year long. \$42. Available at **Hidden Chateau & Gardens**, West Hills, (818) 610-3220 and www.hiddenchateau.com.

To protect her luscious lips, choose from the **29 Cosmetics** line of grape seed-enhanced lip therapies. Ultra-sensitive lips will benefit from First Crush, Wine Blot or our personal favorite, Hint of Honey, a protective balm that has a strong hint of the sweet stuff. \$23 each. Available from **Neiman Marcus** and www.29cosmetics.com, or by calling (888) 415-2929.

Simon Pearce's hand-blown glass and pottery makes a sophisticated addition to any loving home. Consider the Chelsea bowls (pictured) and the Astra vase. \$60-395. Available from **Neiman Marcus**; **Malibu Colony Company**, Malibu, (310) 317-0177; and at www.simonpearce.com.

In our own backyard, at the delightful **Meadow Gardens** store, you can find an array of lovely gifts for her. Our choice? The long-burning **Nouvelle pure perfume candles**, hand-poured just outside New Orleans. As for scent, try Isla Mujeres, Fresh Linen or Fields of Clover. \$22-\$33. (818) 879-9555.

If she's a film buff, get her **Broken English**, about a gal (Parker Posey) who's single because she's cynical about love. This romantic — but also adeptly restrained — romp splits its time between New York and Paris, and was nominated for the Grand Jury Prize at the 2007 Sundance Film Festival. \$27. Available wherever DVDs are sold.

To make an over-the-top impression, go for **Ivanka Trump's** stunning new diamond collection. The beautiful maven has designed an array of baubles inspired by *crème de la crème* social galas and golden-age Hollywood sophistication. We're most impressed with this graduated pavé diamond bead necklace because it's not your typical diamond piece, yet it's something she'll be proud to wear for the rest of her life. \$350,000. Available by calling (888) 756-9912 or through www.ivankatrumpcollection.com.
